

# FloriGuard, the home of florist insurance, has grown!

Over the past year FloriGuard has expanded to include Van Cover for florist delivery vehicles and FloriGuard Freelancers for Event and Wedding Florists in addition to the already successful FloriGuard retail policy.

FloriGuard Retail Insurance is the flagship policy developed by Bridge Insurance Brokers Ltd and underwritten by Royal & Sun Alliance Insurance Plc. The bespoke cover and highly competitive premiums make FloriGuard the perfect choice for professional retail florists.

FloriGuard Van Cover, the latest addition to the FloriGuard range, offers competitive premiums and exclusive cover for florist delivery vehicles. Underwritten by Equity Red Star the policy automatically includes signage cover and has options to include protected no claims bonus (subject to claim free experience) and breakdown cover at only £35.

FloriGuard Freelancers policy offers a flexible solution to those that don't own retail premises and are out and about at events or simply working from home. Underwritten by Groupama Insurance, premiums and cover can be tailored to your individual requirements.

In addition to the above, FloriGuard is the only insurance endorsed by the British Florist Association (BFA) and members can obtain a further 15% off of the already competitive standard rates on the FloriGuard retail policy.
