

BFA FloriGuard a year on....

It's been over a year since BFA FloriGuard was launched and what a success it has been! More and more members are now taking advantage of the only insurance to be endorsed by the British Florist Association and the testimonials on the BFA website show what a saving many are making.

Even with this success there are still florists that don't realise that they are entitled to take advantage of the BFA FloriGuard deals through automatic membership via their relay organisation, so it's worth checking to see if your relay gives you membership.

For those that are not currently members, FloriGuard remains very competitive in terms of premium and cover on all the family of products including the FloriGuard Retail Shop Insurance, Van Insurance and Freelancer Insurance.

With keeping costs low being of paramount importance during these difficult times many companies or individuals are tempted to increase excesses or reduce cover. However with the wide ranging cover, exclusive discounts low excess of only £100 and competitive premiums FloriGuard gives you peace of mind and offers value money.

Some of the other benefits of insuring with FloriGuard, other than the BFA endorsement are that our policies are exclusive and we only deal with Florists unlike many direct underwriters offering a standard shops policy. This means to you we continue to build up a working knowledge of your profession and provide great customer service.
